LAMPS

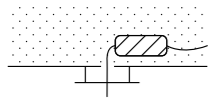

ed046

Ceiling lamp made by a circular tube and a frosted light tube.

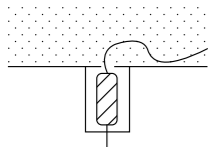

Voltage: 110/240V
Custom LED provided with driver.

Standard ceiling rose included
(driver has to be hidden in the countertop).

Optional ceiling rose with driver box.

ed046.01
brass

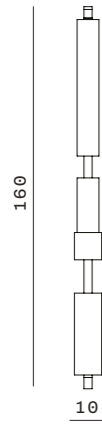

ed046.03
chrome

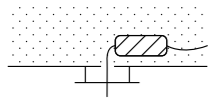

ed058

Ceiling lamp with brushed brass structure, frosted light tube and glass rings.

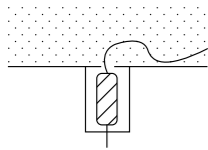

Voltage: 110/240V
Custom LED provided with driver.

Standard ceiling rose included
(driver has to be hidden in the countertop).

Optional ceiling rose with driver box.

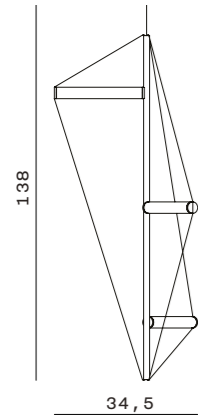

ed058.01
brass

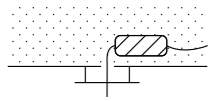

ed045

Ceiling lamp with structure and frosted light tubes kept together by three elastic wires.

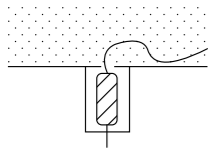

Voltage: 110/240V
Custom LED provided with driver.

Standard ceiling rose included
(driver has to be hidden in the countertop).

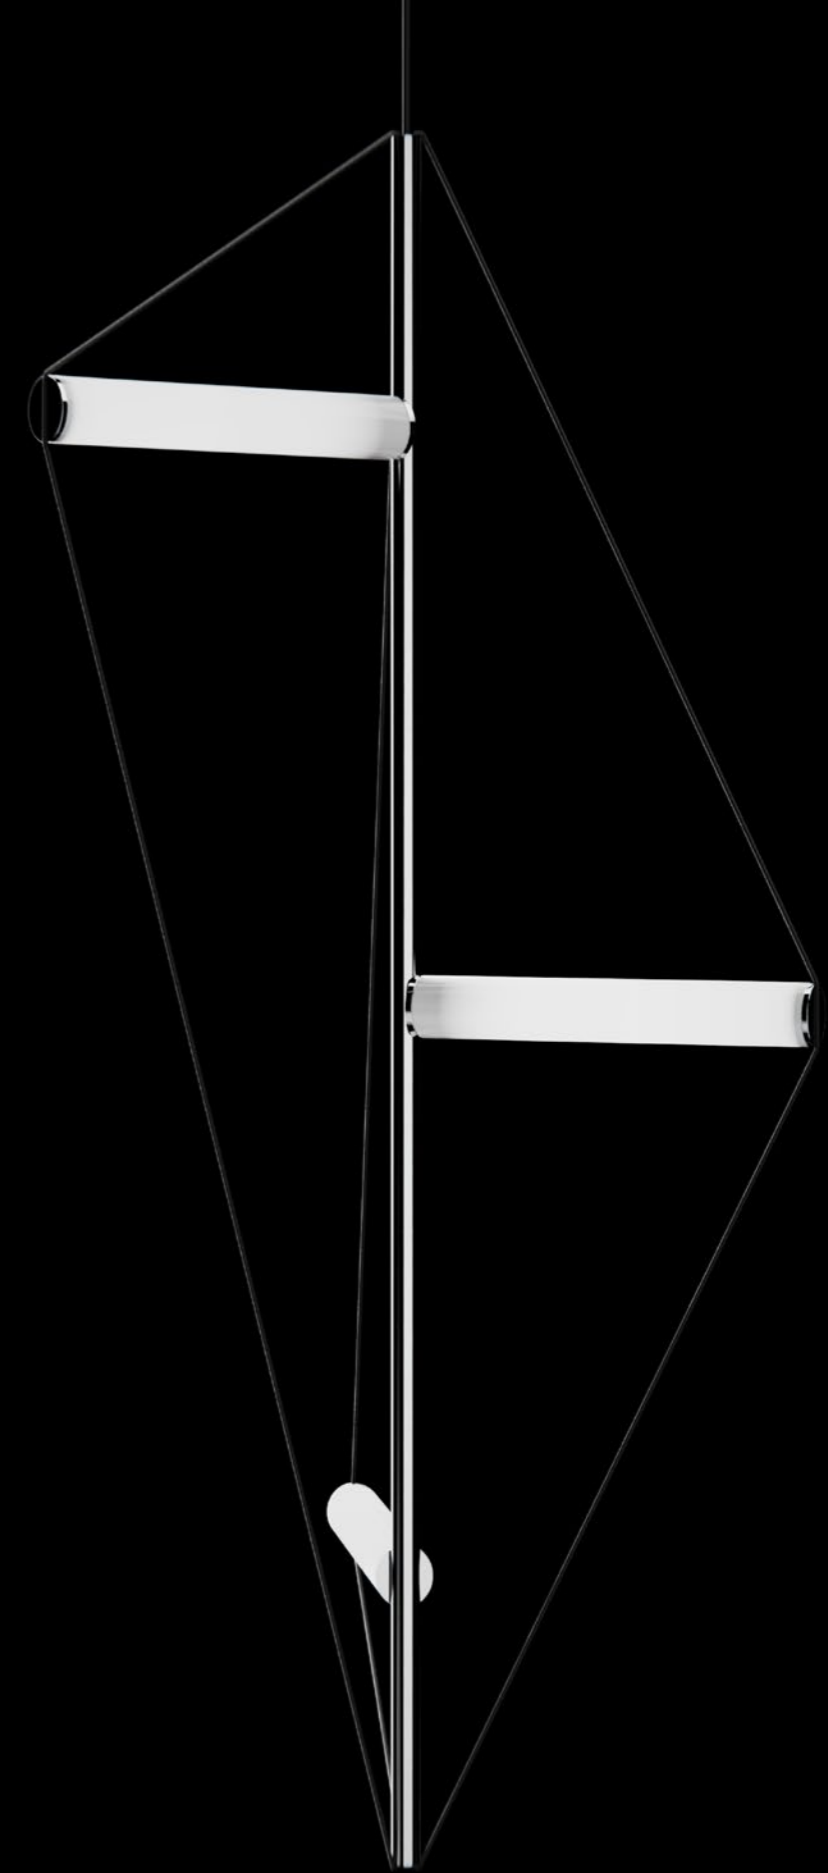

Optional ceiling rose with driver box.

ed045.01
brass

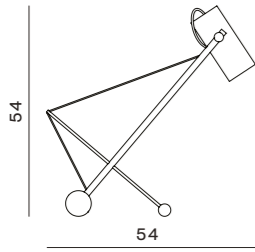

ed045.03
chrome

ed049

Reconfigurable table lamp; thanks to the elastic band, can be tilted at will.

Socket: GU10 PAR16
Voltage: 110/240V

ed049.01
brass

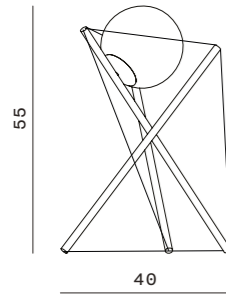

ed049.02
black

ed057

Table lamp with frosted light sphere.

Socket: E27
Voltage: 110/240V

The image features a series of concentric, curved lines that create a sense of depth and movement. The lines are primarily in shades of gold and dark grey, set against a solid black background. The curves are most prominent on the right side of the frame, where they appear to be part of a larger, circular or semi-circular structure. The lighting is dramatic, highlighting the metallic texture of the gold lines and the smooth, dark surface of the grey lines. The overall composition is minimalist and modern, with a strong emphasis on geometric forms and color contrast.

MIRRORS

ed031

Wall mirror made of black wood, brushed brass and black paint structure.

The mirror is provided with four hanging points, allowing the mirror itself to be mounted in four different positions.

ed031

black
brass

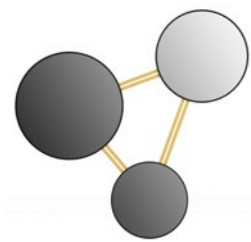

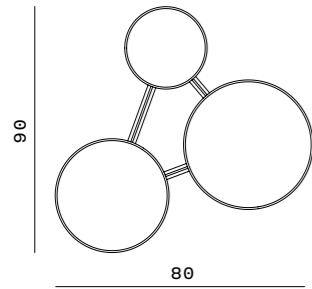

ed032

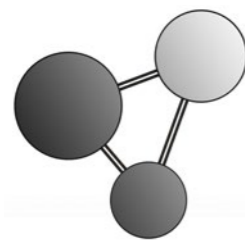

Modular wall mirror with black paint structure and rails with different finishes.

The rails can be adjusted to give to the mirror multiple forms.
